CLAMPS

We Make Different Types Of Clamps For All Type Of Industrial Requirement Clamps Are With And Without Electro Zinc Plated. We Produce And Supplies Any Special Design Clamp Suitable For Projection, Spot Welding Or Riveting.

Stander Locking Ring Clamps

- ▣ International Design For A Worldwide Market
- ▣ All Stamped Steel Construction
- ▣ A Design Intended For Welding Onto The Ring.
- ▣ A Low Profile That Makes It Easier To Palletize And Store Drums Closer Together.

S-75

For open head fiber drums & conical drums (any size)

S-120

For 30-gallon(113 Litre) Plastic open head drums

S-150

For 55 gallon(208 Litre) Plastic open head drums

S-300

For 55 gallon(208 Litre) Steel open head drums replaces a 12 gauge bolt ring

Material Specification

Material

Cold Roll Coil, Galvanized, SS 304, 316

Thickness

1.0 mm to 2.00 mm

HSEF for

Metal drum , fiber drum, Plastic drum locking ring, conical drum locking ring

CLOSING RING

We Manufacture all shapes, sizes of industrial drum locking ring & Clamps for UN(Liquids and Solids) and NON-UN drums as well as a range of other applications.

Closing Rings diameters range from 60mm to 2000mm, in metal from 0.5mm to 2.5mm thick. we also offer a wide range of different section profiles and are happy to develop new shapes with our customers.

These can be manufactured in iron-zinc, galvanized or stainless steel and can also be powder coated.

Include, Deburring edges, overlaps radius cuts, safety edges etc.

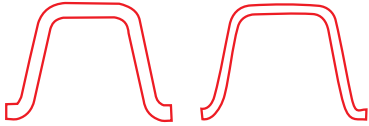

For Exceptional Strength, each ring is the product of welded steel construction.

CATALOGUE

Clamping Ring Profile

Diagrams of some of the industry's most common locking ring profiles for open head containers. If your container ring does not match one of these, Sharda Enterprise will custom fit a clamping ring that does.

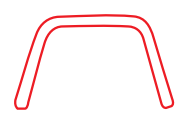

Plastic Drum

Steel Drum

Light Type Steel Drum

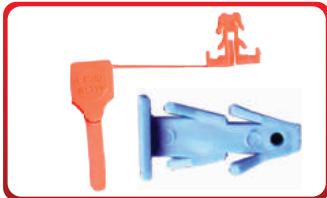

Conical Drum

LOCKING RING ACCESSORIES

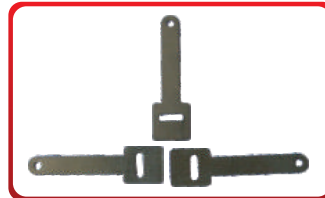

T SEAL

Plastic Seal

- Offer a more economical but equally effective solution when compared to steel seals.
- Not reusable-plastic is broken when containers are opened.

Steel Seal

- More of a Galvanized Steel

LUGS

- 12 gauge, zinc plated
- 360 degree welded
- 5/8 lugs

METAL DRUM LIDS

- 22" Metal drum lids
- In thickness 0.7, 0.9, 1.0, 1.5 mm

PLASTIC DRUM ACCESSORIES

EPDM GASKETS

PLASTIC DRUM LIDS

- Lids up to 1.6 kg
- Lids for 35 Ltr to 200 Ltr Drums

LUGS HANDLE

BUNG SEAL

We can also develop new moulds for your bungs and seals as per your requirement.
